- Apostolos was very responsive and did a great job being flexible to accommodate as many of us as possible for exam review sessions.

- Responsive over email. Not a great review session. His methods seemed a bit different from how the teacher does problems

- Very well-versed in the subject matter, and responsive via email. Well done.
- Always helpful.
- Apostolos was probably the best TA I've worked with at Stern. He was very responsive and helpful, which motivated me and my partner to get a head start on our homework assignments and seek to get 100% rather than just get by. (We knew that we'd get an answer so it was worth the extra effort to ask questions for the parts we were struggling with.) Thanks, Apostolos!
- Apostolos was very attentive and timely in returning assignments.
