super nice and helpful. responds to my many questions/emails very quickly

NA

no comment.

na

He was very helpful. But his office hours were quite inconvenient on Mondays, since a lot of the time we wouldn't have an assignment due till a week later. I would suggest trying to move the hours later in the week. His review sessions were also very good.

n/a

Thanks for grading with detailed feedback!

NA

Really helpful during review and office hours. Did not give any answers but always guided students until they resolved their questions themselves.
